

### B P McKeefry Thirtieth Anniversary

On the 10th March 1976 the late Pearse McKeefry purchased his first tractor unit, an F88 Volvo, registration BIW 1070. Used with our first tank to haul skimmed milk and whey to both his own and other pig farms.

To mark the occasion the staff in Swatragh surprised Brian with a cake.

Paul, Tracy and Frank

Well done to the stores team in Crossland Burnley for doing a great job of reorganizing the Stores and Materials Kitting areas and introducing a Perpetual Inventory (PI) stock check system.

By introducing locations for all parts they have enabled greater efficiency in the stores and on the shop floor and a more accurate system of accounting for material used.

Paul Villars, Stores Team Leader comments on the success - In clearing out the stores they came across a great deal of very old stock which was reserved for a customer called Justin Case. We couldn't find Justin so we have disposed of most of the stock. Anyway well done to all staff concerned, I must sign off now as I have a call from a Mr. Case wanting spares!!!!!!!

### Congratulations to

- Gavin Bradley and Leanne on the birth of their daughter Caghla, born on 27th February 2006 weighing 7lbs 7 oz.
- Chris and Rhonda McWilliams on the birth of their daughter 'Charlie' born on 29th December 2005. Both Gavin and Chris work in Crossland, Swatragh.
- Andrew Ainsworth and his wife Gail have just had baby Drew Ainsworth-Roberts on 16<sup>th</sup> January 2006. Andrew works for Crossland Tankers in Burnley.

**McKeefry goes green**

In January we introduced a pilot Miles Per Gallon competition amongst drivers at each depot. Congratulations to those drivers that yielded the highest MPG figure and showed the greatest improvement since October 2005.

The winners are:

<i>Swatragh:</i>	Mick Lawless, Karl Eccleston	<i>Basingstoke:</i>	Hugh McDaid
<i>Liverpool:</i>	Frank Wynne	<i>Crawley:</i>	Joe Gravatt
<i>Grimsby:</i>	Fred Gibney	<i>Rye Meads:</i>	Geoff Mower

**Introducing Service and Maintenance with Crossland Tankers:**

As a company always wanting to exceed the needs of our customers we have introduced a comprehensive Service and Maintenance agreement. Crossland Tankers have three dedicated maintenance personnel who will visit the customer sites and carry out comprehensive and thorough Service and Maintenance checks on the tanks. The first two customers who have committed to the Agreement are Scottish Water and Cumbria Waste.

CrosslandCare has been suggested as a name for this agreement, however we would like to hear from you if you have any other name ideas. Please email [breige@crosslandtankers.com](mailto:breige@crosslandtankers.com) with your suggestions and as ever the one chosen will get a prize!

MTS Tank Cleaning, owned by B.P. McKeefry, is based in the Docks area of Liverpool. The team of 8 people is managed by Steve Doyle. The average day will see the guys wash the inside and outside of about 50 tanks of all descriptions. The cleaning station is open 7 days a week, as well as washing food and industrial products it provides steam heating, drying of tanks and secure overnight parking.

Waste product produced from the cleaning of tanks is separated from the water using a Dissolved Air Filtration system. This ensures that we maintain water quality standards for United Utilities, and meet set environmental targets.

Crossland Tankers will be exhibiting at the Commercial Vehicle Show on 25th—27th April 2006. The show takes place at the National Exhibition Centre in Birmingham and this is our fifth time exhibiting. Over the three days of the show approximately 50,000 potential customers will visit so it is a good opportunity to generate sales.

**Increasing the fleet**

BP McKeefry have recently purchased six new Volvo FM12 Tractor Units. These will be used in the Basingstoke and Crawley area on the Thames Water Contract.
