

### BP McKee Fry continues to grow

with the addition of several light weight aluminium vacuum tanks to its fleet in Basingstoke. The use of light weight aluminium increases the pay load, with each tank having a 33,000L capacity and self steering rear axle.

### Happy Retirement

Maurice Geiger has just retired from B.P. McKee Fry. Maurice was a driver who was originally based in Swatragh, however in 1989 he joined the sludge haulage contract. One of the longest serving members of staff, he has been with BP McKee Fry since 1986. Maurice's sense of humour will be greatly missed by all. We would like to wish Maurice a long, happy and healthy retirement.

Brian McKee Fry presenting Maurice with a Waterford Crystal Lamp

George Brankin making a presentation on behalf of all the staff from the Basingstoke depot

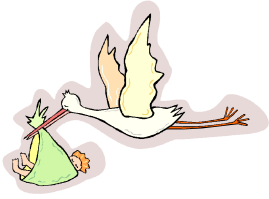

### First Aid at Work Certificate

The following Swatragh based employees have successfully completed the First Aid at Work Certificate:-

Dessie McAtamney, Sharon McCamphill and David Deighan.

Well done to **Dermot McKeague** (Crossland Swatragh) on completing the Belfast City Marathon; this was Dermot's fourth marathon which he completed in his fastest time yet.

Congratulations to **Sean and Deirdre Foye** on the birth of their daughter Aoife Sinead on the 14th May 2006. Sean works in the Garage for BP McKeefry.

### Easter competition winners:

- 1st Pawel Kawa,  
Crossland,  
Swatragh
- 2nd Tracy Thornton,  
Crossland, Burnley
- 3rd Stephen McFerran,  
Crossland,  
Swatragh

**Mark and Kate Brown** on the birth of their daughter Susie Jane born on the 18th May 2006. Mark works for Crossland Tankers, Swatragh.

**Tomasz Supinski** and his girlfriend Marlena Pilecka have just welcomed into the world their first child – a little girl named Maia (pronounced Mya) on 20th June 2006. Tomasz works for Crossland Tankers, Burnley.

**Andy Coulton** has just received his IOSH Managing Safely qualification. As well as working at Crossland Tankers, Burnley, he is a part-time fire fighter, a first-aider and is a very keen health and safety advisor. Andy is working with Crossland Tankers developing an emergency response team and working on risk assessments and general health and safety procedures.

Congratulations to **Rebecca and Mark Parrington** on their marriage which took place on Friday 26th May 2006. Rebecca works for Crossland Tankers in Burnley. After the wedding the couple honeymooned in Isle of Wight.

Crossland Tankers have just been approved under Regulation 31 of the Water Supply Regulation 2000. With this accreditation Crossland Tankers are now in a good position to work with water authorities to design and manufacture Water Bowsers to transport water.

**Jo Feasey** from the Basingstoke office is to open the show for the Basingstoke Amateur Operatic Societies production of "Godspell". Jo is enthusiastically rehearsing for the production which is a mixed bag of genres, ranging from vaudeville to gospel to folk to hoe-down to rock opera. There is only a small cast of 11 for this production and Jo was very pleased to be successful in her audition. We all wish her success in the show, we have now fitted shatterproof windows to the office in Basingstoke and supplied ear defenders!!!!
